B3	Morisawa Akiko
B3	Abe Yasuhiro
B3	Yamamoto Yoshinori

***MESSAGE FROM THE PRESIDENT OF
NATIONAL COUNCIL FOR THE BLIND,
MALAYSIA (NCBM)***

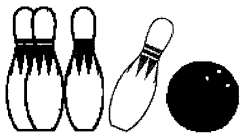

Good afternoon and I bid you a warm welcome to Malaysia, and to the 2nd Asian Tenpin Bowling Championship for the Blind 2005, being organised by the National Council for the Blind, Malaysia (NCBM), in co-operation with its five Member Organisations, the Asia-Pacific Region of the World Blind Union, and with technical and logistical assistance from the Malaysian Tenpin Bowling Congress. Let me welcome all the team managers and members from the seven participating countries by name:

1. Mr. James Muir and his bowlers from Australia;
2. Mr. Liu Pei Ling and his bowlers from Chinese Taipei;
3. Mr. Masahiko Kosugi and his bowlers from Japan;
4. Mr. Choi Dong Ic and his bowlers from South Korea;
5. Mr. Vester Tan and his bowlers from Singapore;
6. Mr. Tangpoolpun Virasak and his bowlers from Thailand;
7. and, of course, not forgetting our national team from Malaysia, En. Rosham Sidek and his bowlers.

Here, I would also like to take the opportunity to express my sincere thanks to the following persons and organisations for helping us in organising this championship and they are:

Mr. Sidney Tung, Secretary General of the Malaysian Tenpin Bowling Congress and his other Council members for serving on the Organising Committee and for providing the lane marshals and helpers to ensure the smooth running of this event.

To Mr. Toshiaki Aomatsu, President of the Japan Bowling Congress for the Blind, and to Mr. Andrew Chew, President of the Blind Sports Association of Singapore, for coming to Malaysia at least three times within the past year to give technical advice in the capacity of the IBSA Tenpin Technical sub-committee and to help in the
is championship.

To the Tun Hussein Onn National Eye Hospital for sending a vision classifier and to Dr. Lee Joon Jae, another vision classifier from Japan, for ensuring that the bowlers will be properly classified into their respective categories.

Also, I wish to thank the sponsors who have responded to our appeal for assistance and came forward with cash or in kind, and they include The Resorts World, Johnson and Johnson, RusMedic and Unilever.

NCBM is a national umbrella body co-ordinating the work of its five Member Organisations - The Malaysian Association for the Blind, The Society of the Blind in Malaysia, St. Nicholas Home, The Sabah Society for the Blind and the Sarawak Society for the Blind. NCBM, strictly speaking, does not run services but it facilitates and assists some of its weaker organisations to implement new services and to upgrade existing ones. In carrying out its goals, NCBM uses the following three strategies to fulfill its mandate. They are:

1. Providing a platform for representatives to meet regularly for the exchanging of experiences and information. NCBM pays for their travelling, board and lodging expenses ranging from 50 to 100 percent depending on the work of the committees.
2. Holding joint activities in which each Member Organisation is expected to contribute manpower or some financial resources.
3. Giving part or full funding to Member Organisations for them to implement new projects or to upgrade existing ones in accordance with the priorities determined by NCBM.

In short, NCBM has no organisational boundaries to protect; its vision is to see that blind and low-visioned people, no matter where they live in the country, may access and enjoy quality services.

When it comes to sporting and recreational activities, NCBM adopts the same policy. It will firstly, promote new disciplines by organising coaching clinics or seminars. Secondly, assist in events organised by a Member Organisation in which at least three other Member Organisations are invited to participate. And thirdly, organise national and international events that are aimed specifically for blind and low-visioned participants. In other words, NCBM and its Member Organisations will try to ensure that sporting and recreational activities are properly promoted for blind and low-visioned participants; and also to ensure that these athletes are given a fair deal when participating in events organised for cross-disability groups. Of course, the responsibility of safeguarding their interest also rests on the blind and low-visioned athletes themselves.

I congratulate you on being selected to represent your country and salute you for the tremendous efforts you have to make in getting here. And I know winning medals is the wish of every sportsman and sportswoman, but I would strongly urge all of you to use this occasion to foster friendship and to share information and experiences of how blind and low-visioned people can support each other in promoting blindness-specific activities. Remember, winning medals is not all that important, but what counts is that you have participated in this championship and you did enjoy your stay in Malaysia. I wish you a successful championship and a enjoyable stay in this country.

S.Kulasegaran

President,

National Council for the Blind, Malaysia - NCBM

MESSAGE FROM THE PRESIDENT OF WORLD BLIND UNION ASIA PACIFIC (WBUAP)

Participation in a sporting activity, whether for recreation, competition, or a mix of both, is an important facet of our lives. It's good for health, fun, and provides an excellent social outlet.

For many of us who are blind or have low vision, there are extra challenges in such participation. Depending on the sport, it's sometimes hard or impossible to compete on an equal basis with our sighted peers.

For this reason, championships such as this one provide an excellent opportunity for our competitive spirit, our recreational needs and our social outlets. On behalf of the Asia Pacific Region of the World Blind Union, I congratulate you for your participation, and wish you the best for the tournament.

Those of us who have had the chance to participate in such international competitions are some of the lucky ones. Many of the 137 million people around the world who are blind or have low vision do not have such opportunities. Most live in poverty or in very constrained circumstances.

As well as the chance to enjoy yourselves and participate, this championship should be used as an opportunity to demonstrate positively the effective role that people who are blind or have low vision can play in our community. The aim of the World Blind Union is to change what it means to be blind, and you can use both this championship - and the other facets of your lives - to do just this. By setting a positive example, you do not only benefit yourself, but you assist others with similar disabilities.

Best wishes for a successful championship, and congratulations to all of you on being selected to represent your organizations. And I also wish to take this opportunity to extend my deep appreciation to the National Council for the Blind, Malaysia for hosting the 2nd Asian Tenpin Bowling Championship for the Blind 2005.

GRAEME INNES

President,

WORLD BLIND UNION ASIA PACIFIC (WBUAP)

Greetings from Asian Bowling Federation!

On behalf of the Executive Committee of Asian Bowling Federation I would like to extend a warm welcome to all the competitors of the 2nd Asian Tenpin Bowling Championships 2005 for the Blind, which is being held in Pyramid Megalane, Sunway, from November 11 – 14.

Handicapped people could be as active as ordinary people. They could participate in recreational activities and sport competition. We are most proud that our sport has been taken up by the blind people. I would like to take this opportunity to thank Malaysian Tenpin Bowling Congress and the Blind Association of Malaysia for their commitment and dedication in organizing this competition for the blind people and I wish them every success in this tournament. To the participants from 7 countries, I also wish you good luck and good bowling.

Sheikh Talal Mohd. Al Sabah
President
Asian Bowling Federation

	Prize giving at the end of competition

13th Nov 2005

9.00 am	Championship continues – doubles event
3.00 pm	Prize giving and closing ceremony

5. **Equipments**

- (1) The official guide rail for the competition shall be the ABBA portable rail. The organizer shall provide a rail for B1 and B2 bowlers if requested in the teams' entry form.
- (2) B1 bowlers must wear blind-fold provided by the organizer.

6. **Style of play**

- (1) A block of games shall consist of three games.
- (2) Each block of games shall be bowled on one lane.
- (3) There shall be a change of lane after each block of games.
- (4) A maximum of two bowlers may be scheduled on one lane.

7. **Lane draw**

- (1) There shall be lane draws for both singles and doubles events.
- (2) In single events, bowlers who require the guide rail will be drawn to bowl on the same lane while those who do not require the guide rail will be drawn to bowl separately. Every effort shall be made to draw two bowlers from the same country to bowl on the same lane if the organizers are unable to provide sufficient native language assistance to the bowlers. Country must submit the names of the two bowlers that will be bowling on the same lane for the purpose of lane draw by completing a specific form provided by the organizers.
- (3) In double events, players of each team will be drawn to bowl on the same lane.

8. **Assistance during games**

(1) Role of referees

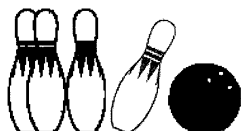

There shall be 1 referee for each lane. They must be accredited officials from the WTBA member federation in the host country. The referees shall assist in the following matters if requested by bowlers.

- A. Locating the bowlers' ball on the ball return.
- B. Guiding the bowler to a specific point on the approach.

(2) Roles of Supporters

Supporters shall be either neutral individuals appointed by the organizers or individuals appointed by the participating countries and registered with the organizers by completing the appropriate section on the entry form. There shall be either one or two supporters for each lane depending on the circumstances. Supporters shall assist bowlers only at the bowlers' area in the following matters.

- A. Native language support to the bowler
- B. Informing the bowler directions of the ball after delivery, pins left standing, and scores

9. **Prohibitions**

- (1) Bowlers are not allowed to cross the foul line during orientation before a delivery.
- (2) Referees and supporters are not allowed to verbally or physically assist bowlers during a delivery.
- (3) The bowlers' palm shall not be in contact with the guide rail so that they may use the rail as a mechanical prop for the purpose of balancing the body at the moment when the ball leaves their possession.

10. **Dressing**

All bowlers should dress appropriately for competition. They shall wear a standard uniform. Individual variations are not permitted.
